Summary

MCA (Data Science & AI) candidate with hands-on experience in Python, SQL, Power BI, and data analytics. Strong analytical

Skills

Technical: Python, SQL, Excel, Power BI, Tableau, Machine Learning, Artificial Intelligence

Data Analysis: Exploratory Data Analysis (EDA), statistical analysis, data visualization, KPI reporting, dashboard creation, Pivot

Libraries: pandas, NumPy, Matplotlib, scikit-learn

Tools: Streamlit, GitHub, Microsoft Word, Advanced Excel

Experience

Data Analytics Virtual Intern | Deloitte – Forage (Virtual)

June 2025 – July 2025 | Tools: Excel, SQL, Power BI

- Analyzed datasets using Excel and SQL to identify trends and generate actionable insights.
- Developed interactive dashboards and reports in Power BI for data visualization.
- Presented insights to support business decision-making.

Projects

Retail Food Price Analysis and Prediction | Python, Streamlit, SQL

February 2026 – May 2026

- Built an end-to-end machine learning solution to analyze market trends and predict pricing outcomes.
- Compared models including Linear Regression and Random Forest to identify the best performer.
- Implemented SQL-based data pipelines for preprocessing, transformation, and storage.

Netflix Content Analysis | Python, pandas, Matplotlib

November 2025

- Cleaned and analyzed a Netflix dataset of 8,000+ records.
- Performed exploratory data analysis to study genre, rating, and content trends.
- Created visualizations for movie vs TV show ratio, top genres, and yearly content growth.

Online Retail Sales Analysis | Excel, Python, SQL, Tableau Public

December 2025 – January 2026

- Evaluated 7,000+ retail transactions to assess sales performance and customer behavior.
- Analyzed data for 2,700+ unique customers across multiple countries.
- Calculated KPIs including total revenue, order counts, and average order value.
- Wrote SQL queries to identify monthly trends, top products, and regional performance.
- Published an interactive Tableau dashboard with multiple analytical views.

Certifications

- Data Analytics Job Simulation – Deloitte (2025)
- AI Analyst – IBM (2025)
- Machine Learning with Python – IBM (2025)
- Python for Data Science – IBM (2025)
- NoSQL & DBaaS – IBM (2025)

Education

Master of Computer Application (Data Science & AI)

Babu Banarasi Das University, Lucknow | 2024–2026 | 69.3%

Bachelor of Computer Application

Ambalika Institute of Higher Education, Lucknow | 2021–2024 | 71.7%
